MJP

PT. MULINDOTAMA JAYA PERKASA

COMPANY PROFILE

ABOUT US

In December 2010, CV. MULINDO JAYA PERKASA (CV MJP) was established. CV MJP started supplying high-quality on high way truck (European & Japan Truck) parts to construction and coal mining company.

In July 2020 to March 2021, the company upgraded to **PT. Mulindotama Jaya Perkasa** since there are huge improvement on products and customers numbers.

PT. Mulindotama Jaya Perkasa (PT MJP) is a distributor of high-quality Power Train and Engine Parts of Heavy Equipment and on Highway Trucks. We are supplied by some leading manufacturer to become one of their partner in Indonesia such as: DSG Engine parts, OEM Floating Seal, CARLISLE Brake & Friction, GARRETT Turbocharger, ETP Parts, Bosch REXROTH Hydraulic Pump and Motor & ALPHALINE Battery.

OUR PRODUCT

FLOATING SEALS

Metal Face Seals

Our metal face seals are proven to provide long service life with low maintenance resulting in increased equipment up time, productivity and customer satisfaction.

Floating Seals Features

- Corrosion-resistant seal rings
- Precision machined, self-renewing sealing surfaces
- Minimum face load variations
- Special seal and load ring materials to match

Application requirements:

Rotating speed, lubrication, temperature, and differential pressure are factors to consider when determining seal face loads.

OUR PRODUCT

DSG ENGINE PARTS

DSG, Inc. was established in the Atlanta, GA area in 1996 as a gasket manufacturer. They developed a gasket and a hydraulic seal line that has been the core of their business since that time.

Today DSG, Inc. works with OE manufacturers and their have developed an extensive line of engine parts for heavy duty applications. DSG, Inc. has established relationships in over 40 countries, and maintains offices around the world. And we are one of the most trusted DSG engine parts distributors located in Indonesia.

All DSG's Inframe Kits include the following:

- Cylinder Kits (or Piston Kits for Sleeveless Engines)
- Main Bearings
- Rod Bearings
- Head Gasket Set
- Oil Pan cover Gasket

OUR PRODUCT

EUROPE TRACTOR PARTS

ETP Europe Tractor Parts, located near Brescia, in northern Italy, is a leading worldwide manufacturer and distributor of Quality Replacement Spare Parts for Komatsu® earthmoving machines.

We supply our products worldwide from construction to mining, from infrastructure development to forestry, agriculture and marine industries.

ETP distributes to over 60 countries all around the world, covering European Countries, Russia, Africa, Middle East, Southeast and Central Asia, Australia, New Zealand and Pacific area, United States, Canada, Central and South America, and beyond.

ETP is committed to satisfy the needs of its customers through excellent service and Quality Spare Parts and our constant commitment is fully confirmed by the trust our customers put everyday in our company. Our main objective is to provide in the fastest time possible **ETP** Spare Parts and maintain the best possible quality level that always distinguishes us.

OUR PRODUCT

EUROPE TRACTOR PARTS

SALE AND AFTERSALE SERVICE

- ENGINE PARTS

Complete range for Komatsu and Cummins engines 95 102 105 108 110 114 155 170 NH 220 NT 855 4 BT, 6 BT, 4 CT Cylinder liners, Pistons assy, Piston rings, Valves, Cylinder head, Gasket kits, Engine bearings, Connecting rods, Crankshafts and much more.

- PINS, BUSHINGS & WEAR PARTS

ETP Pins are made with special alloy steel, subject to induction hard treatment to reach 58 62 HRC till 5mm depth. Always on stock a wide range for Wear Parts for Bulldozer application from D65 till D375.

- PINS, BUSHINGS & WEAR PARTS

Wide set of spherical bushings for tracked machinery. Complete line steel and bimetallic Bushings, including shims by size.

OUR PRODUCT

DIESEL INJECTOR

- OEM SPECIFICATION
- 12 MONTHS FAULT FREE WARRANTY
- COMMITTED TO SERVICE, DEDICATED TO QUALITY

We manufactures and maintains an extensive inventory of OEM (Cummins, Volvo, Detroit, etc) quality fuel injector products.

Superior Components • Advanced Manufacturing
Precision Calibration • Quality Assurance

OUR PRODUCT

GARRETT TURBOCHARGER

The **Garrett** name ties back to turbo origins in the 1950s. At that time, entrepreneur and engineer Cliff Garrett led a project team to develop a turbocharger for a Caterpillar D9 crawler tractor, marking the beginning of the turbocharged era for the automotive industry.

The promise of reliability and performance forms a bond of trust between Garrett Aftermarket and its distributors, with auto service centers and garages, with turbo technicians and, by extension, with car owners.

Garrett® Original Turbos are the boost behind millions of cars, vans and trucks around the world. Original technology specified by vehicle manufacturers, 100% compatible with engine management systems, and optimized for power, fuel efficiency and emissions compliance.

OUR PRODUCT

GARRETT TURBOCHARGER

TURBO REPLACEMENT

With 8,000 OE-certified turbos, Garrett's Aftermarket portfolio brings a replacement for just about every boosted car dating back to 1968.

Aplications:

- Passenger Vehicles

- Light Commercial Vehicle

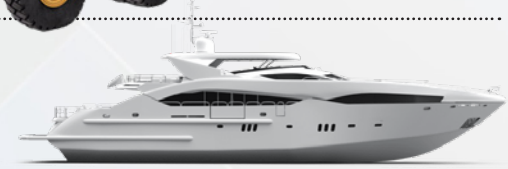

- Commercial Vehicles On-Highway

- Commercial Vehicles Off-Highway

- Marine Vehicles

OUR PRODUCT

CARLISLE BRAKE & FRICTION

Carlisle Brake & Friction (CBF) has been the brake supplier of choice in the global mining industry for decades. The CBF customer family includes the world's largest and most respected mining OEMs such as Komatsu, Terex, Liebherr, Hitachi, BEML, Volvo, Sany, XCMG, etc.

The Carlisle Advantage:

- **Customer-Centric:** Dedicated to the Success of Our Customers
- **Advanced Engineering:** Extensive Application Knowledge Solutions Provider
- **Global Capabilities:** Engineering, Manufacturing & Sales Support in Asia, the Americas, EMEA
- **World-Class Quality Assurance:** ISO 14001:2004, ISO 9001:2000, ISO-TS 16949:2002
- **Superior Material Technology:** Broadest Range of Material Competencies Friction Material Innovator
- **Experience:** Reliable Supplier to Worldclass OEMs for over 85 Years
- **Full System Solutions:** From Pedal to Wheel

CARLISLE BRAKE & FRICTION

OUR PRODUCT

CARLISLE BRANDS

CARLISLE BRAKE & FRICTION

Carlisle Brake & Friction remains a world leading provider of innovative products, dependable service and technical support to both the vehicle manufacturer service channels and the global independent markets.

HAWK PERFORMANCE

Hawk Performance® is a leading supplier of brake products to the performance street, motorcycle and motorsports markets. Hawk Performance offers a wide variety of application-specific brake products for domestic and import cars, trucks and SUV's.

WELLMAN PRODUCTS GROUP

The Wellman brand is synonymous with highly engineered friction products. The Wellman brand represents a diverse range of friction material technologies for brakes, clutches and transmissions used in airplanes, trucks, construction and mining equipment, farm equipment, recreational and performance automotive vehicles.

OUR PRODUCT

CARLISLE BRANDS

VELVETOUCH

For nearly a century, VelveTouch has been a leading global supplier of friction materials for off-highway and on-highway heavy equipment. Under the VelveTouch brand, Carlisle offers superior friction solutions for the most severe brake, clutch, transmission and motion control applications. VelveTouch products are readily available for a wide variety of applications and vehicle types. Maximizing vehicle uptime and reducing annual maintenance costs with VelveTouch OE grade friction solutions.

JAPAN POWER BRAKE

Japan Power Brake (JPB) manufactures and supplies disc brakes, dry disc brake assemblies, hydraulic components and associated friction parts for industrial and off-highway applications.

HAWK PERFORMANCE FLEET

Hawk Fleet™ by Carlisle Brake & Friction, represents our brand of Carbon Semi-Metallic Disc Brake Pads, designed for severe duty, on-highway applications ranging from class one through class six automotive and commercial truck fleets. Our unique F1 and F3 Hawk Fleet friction formulations combine the performance and heat resistance of carbon fiber composites with the durability of traditional semi-metallic brake pads.

OUR PRODUCT

BOSCH REXROTH

Pumps

The pumps from Rexroth are designed as a solution approach where the products are compatible with one another so that we can offer our customers a comprehensive package. Our range of hydraulic pumps includes axial piston pumps, external gear pumps, internal gear pumps, gerotor pumps, vane pumps, radial piston pumps and electro-hydraulic pumps.

Motors

In the range of Rexroth hydraulic motors you can choose between radial piston motors with unique torques as well as our proven axial piston motors and external gear motors.

Valves

Hydraulic valves from Bosch Rexroth control and regulate the volume flow, where the start, stop, direction and volume of the flow can be influenced for one direction of motion or rotation of hydraulic drives. The valves are actuated via various operating methods and in this way, can cause the valve elements to open or close.

OUR PRODUCT

DELPHI

Delphi is a globally recognized OE manufacturer of advanced fuel system technologies with over 100 years of engineering expertise. Its diesel fuel systems are trusted by leading vehicle manufacturers worldwide, delivering precision, durability, fuel efficiency, and reliable performance across automotive, commercial, heavy-duty, and off-highway applications.

DELPHI INJECTOR

Delphi diesel injectors are engineered to deliver precise fuel atomization and accurate injection control for optimal combustion. Manufactured to OE specifications, they help improve engine performance, fuel efficiency, emissions, and long-term reliability in demanding operating conditions.

Key Advantages:

PRECISION FUEL DELIVERY

Advanced engineering ensures accurate fuel atomization and metering for efficient combustion and reduced emissions.

RELIABILITY & DURABILITY

Built with premium materials and tested to OEM standards for long service life even in harsh conditions.

PERFORMANCE OPTIMIZATION

Improves engine power, fuel efficiency, and responsiveness for consistent performance in every drive.

WIDE VEHICLE COVERAGE

Complete range for passenger cars, commercial vehicles, and off-highway applications.

OUR PRODUCT

DELPHI

DELPHI FUEL INJECTION PUMP (FIP)

Delphi Fuel Injection Pumps (FIP) provide accurate fuel delivery and consistent injection pressure for diesel engines. Designed for heavy-duty reliability, they support efficient combustion, dependable engine operation, and long service life across commercial and industrial applications.

Key Advantages:

- Accurate fuel metering
- Stable fuel pressure
- Reliable heavy-duty operation
- Enhanced engine efficiency
- Long service life

Applications:

Passenger Cars | Light Commercial Vehicles | Heavy Duty Trucks | Buses | Off-Highway & Industrial

OUR PRODUCT

DELCO REMY

Delco Remy is a trusted OE manufacturer of heavy-duty starting and charging systems, delivering reliable performance for commercial vehicles, construction equipment, mining machinery, buses, marine, and industrial engines. Engineered for durability and efficiency, Delco Remy products provide dependable operation in the most demanding environments.

STARTERS

Delco Remy starters deliver high cranking torque and fast, reliable engine starts under demanding operating conditions. Designed to OE standards, they ensure dependable performance, long service life, and reduced downtime for heavy-duty applications.

ALTERNATORS

Delco Remy alternators provide stable electrical output for efficient battery charging and reliable operation of vehicle electrical systems. Built for continuous heavy-duty performance, they ensure consistent power delivery even in harsh working environments.

OUR PRODUCT

CONSTRUCTION VEHICLES SPARE PARTS

Original, Ident & Compatible Parts

FOR CONSTRUCTION VEHICLES:

Batteries, brake shoes, brake discs, brake linings, wheel brake cylinders, brake master cylinders, brake pads, repair kits, bush, bolts, tension springs, sealing kits.
